2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

Article 4

Resident

1. For the purposes of this Convention the term “resident of a Contracting State” means:
 - a) in the case of Bahrain, an individual who is a national of Bahrain and who is present in Bahrain for a period or periods totalling in the aggregate at least 183 days in the fiscal year concerned, a company or other legal person which is incorporated or has its place of management in Bahrain, and also includes the Kingdom of Bahrain and any political subdivision or local authority thereof; and
 - b) in the case of Belgium, any person who, under the laws of Belgium, is liable to tax therein by reason of his domicile, residence, place of management or incorporation, or any other criterion of a similar nature, and also includes the Kingdom of Belgium and any political subdivision or local authority thereof. But this term does not include any person who is liable to tax in Belgium in respect only of income from sources in that State or capital situated therein.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

Article 5

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
 - a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop;
 - f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources;
 - g) a refinery;
 - h) a sales outlet, and
 - i) a warehouse in relation to a person providing storage facilities for others.
3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than 12 months.
4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
 - e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
 - f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person -other than an agent of an independent status to whom paragraph 6 applies- is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

CHAPTER III - TAXATION OF INCOME

Article 6

Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as are attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and air transport

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. For the purpose of this Article, profits from the operation in international traffic of ships or aircraft shall include in particular:
 - a) profits from the leasing of ships or aircraft engaged in international traffic on charter fully equipped, manned and supplied;
 - b) profits from the leasing of ships or aircraft on a bare boat charter basis if such leasing activity is an ancillary activity for the enterprise engaged in international traffic;
 - c) profits from the leasing of containers if such leasing activity is an ancillary activity for the enterprise engaged in international traffic.
3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated enterprises

1. Where
 - a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make such an adjustment as it considers appropriate to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

Notwithstanding the preceding provisions of this paragraph, dividends shall not be taxed in the Contracting State of which the company paying the dividends is a resident if the beneficial owner of the dividends is a company which is a resident of the other Contracting State and which at the moment of the payment of the dividends holds, for an uninterrupted period of at least twelve months, shares representing directly at least 10 per cent of the capital of the company paying the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares, “jouissance” shares or “jouissance” rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income which is subjected to the same taxation treatment as income from shares by the tax legislation of the State of which the paying company is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
6. Notwithstanding the provisions of paragraph 2, dividends arising in a Contracting State and paid to the Government of the other Contracting State or a local authority or statutory body or agency thereof, or to the National Bank or any wholly owned company of that other State, shall be exempt from tax in the first mentioned Contracting State.

Article 11

Income from debt-claims

1. Income from debt-claims arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such income may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the income is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the income.
3. Notwithstanding the provisions of paragraph 2, income from debt-claims shall be exempted from tax in the Contracting State in which it arises if it is:
 - a) income from commercial debt-claims (including debt-claims represented by commercial paper) resulting from deferred payments for goods, merchandise or services supplied by an enterprise;
 - b) income paid in respect of a loan granted, guaranteed or insured or a credit extended, guaranteed or insured under a scheme organised by a Contracting State or one of its political subdivisions or local authorities in order to promote the export;
 - c) income from debt-claims or loans of any nature (not represented by bearer instruments) paid by an enterprise to a banking enterprise;
 - d) income from deposits made with a banking enterprise;
 - e) income paid to the other Contracting State, a political subdivision or local authority thereof, a statutory body or agency thereof, the National Bank or any wholly owned company thereof.
4. The terms "income from debt-claims" or "income" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the said terms shall not include for the purpose of this Article penalty charges for late payment or income regarded as dividends under paragraph 3 of Article 10.
5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the income being a resident of a Contracting State, carries on business in the other Contracting State in which the income arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Income from debt-claims shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the income, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the income is paid was incurred, and such income is borne by such permanent establishment or fixed base, then such income shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the income, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such resident is the beneficial owner of the royalties.
2. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including software as well as cinematograph films and films or tapes for television or radio broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
4. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

Capital gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.
3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.
4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14

Independent personal services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.
2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

The preceding provision shall also apply to payments derived in respect of the discharge of functions which, under the laws of the Contracting State of which the company is a resident, are regarded as functions of a similar nature as those exercised by a person referred to in the said provision.

2. Remuneration derived by a person referred to in paragraph 1 from a company which is a resident of a Contracting State in respect of the discharge of day-to-day functions of a managerial or technical, commercial or financial nature and remuneration received by a resident of a Contracting State in respect of his day-to-day activity as a partner of a company, other than a company with share capital, which is a resident of a Contracting State, shall be taxable in accordance with the provisions of Article 15, as if such remuneration were remuneration derived by an employee in respect of an employment and as if references to the “employer” were references to the company.

Article 17

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.
2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

Article 18

In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing articles of the Convention and arising in the other Contracting State may be taxed in that other State if these items are not taxed in the first-mentioned State.

CHAPTER V - METHODS FOR ELIMINATION OF DOUBLE TAXATION

Article 23

1. In the case of Bahrain, double taxation shall be avoided as follows:
 - a) where a resident of Bahrain derives income, which, in accordance with the provisions of this Convention, may be taxed in Belgium, Bahrain shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Belgium. Such deduction shall not, however, exceed that part of the income tax, as computed before the deduction is given, which is attributable to the income which may be taxed in Belgium; and
 - b) where in accordance with any provision of this Convention income derived by a resident of Bahrain is exempt from tax in Bahrain, Bahrain may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

2. In the case of Belgium, double taxation shall be avoided as follows:

- a) where a resident of Belgium derives income, not being dividends, interest or royalties, or owns elements of capital, which may be taxed in Bahrain in accordance with the provisions of this Convention, and which are taxed there, Belgium shall exempt such income or such elements of capital from tax but may, in calculating the amount of tax on the remaining income or capital of that resident, apply the rate of tax which would have been applicable if such income or elements of capital had not been exempted.

Notwithstanding the provisions of this sub-paragraph and any other provision of this Convention, Belgium shall, for the determination of the additional taxes established by Belgian municipalities and conurbations, take into account the earned income that is exempted from tax in Belgium in accordance with this sub-paragraph. These additional taxes shall be calculated on the tax which would be payable in Belgium if the earned income in question had been derived from Belgian sources.

- b) Dividends derived by a company which is a resident of Belgium from a company which is a resident of Bahrain, shall be exempt from the corporate income tax in Belgium under the conditions and within the limits provided for in Belgian law.
- c) Subject to the provisions of Belgian law regarding the deduction from Belgian tax of taxes paid abroad, where a resident of Belgium derives items of his aggregate income for Belgian tax purposes which are interest or royalties, the Bahrain tax levied on that income shall be allowed as a credit against Belgian tax relating to such income.
- d) Where, in accordance with Belgian law, losses incurred by an enterprise carried on by a resident of Belgium in a permanent establishment situated in Bahrain, have been effectively deducted from the profits of that enterprise for its taxation in Belgium, the exemption provided for in sub-paragraph a) shall not apply in Belgium to the profits of other taxable periods attributable to that establishment to the extent that those profits have also been exempted from tax in Bahrain by reason of compensation for the said losses.

CHAPTER VI - SPECIAL PROVISIONS

Article 24

Non-discrimination

- 1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.
3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 5 of Article 12, apply, income from debt-claims, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 25

Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident, or if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.
4. The competent authorities of the Contracting States shall agree on administrative measures necessary to carry out the provisions of the Convention and particularly on the proofs to be furnished by residents of either Contracting State in order to benefit in the other State from the exemptions or reductions of tax provided for in the Convention.
5. The competent authorities of the Contracting States shall communicate directly with each other for the application of the Convention.

Article 26

Exchange of information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy;
 - d) to supply information, which is neither held by its authorities nor in the possession or control of persons who are within its territorial jurisdiction.
4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

Article 27

Aid in recovery

The Contracting States shall within the limitations of their tax structures lend aid and assistance to each other in order to notify and recover the taxes referred to in Article 2 as well as surcharges, additions, compensation for late payments, costs and fines of a non-penal nature. The competent authorities of the Contracting States shall by mutual agreement and within the limitations of their tax structures settle the mode of application of this Article.

Article 28

Limitation of benefits

The provisions of Articles 10, 11 and 12 shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of a right or debt-claim in respect of which dividends, income from debt-claims or royalties are paid to take advantage of those Articles by means of that creation or assignment.

Article 29

Members of diplomatic missions and consular posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

2. For the purposes of the Convention, persons who are members of diplomatic missions or consular posts of a Contracting State in the other Contracting State or in a third State and who are nationals of the sending State, shall be deemed to be residents of the sending State if they are subjected therein to the same obligations in respect of taxes on income and on capital as are residents of that State.
3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of diplomatic missions or consular posts of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income or on capital.

CHAPTER VII - FINAL PROVISIONS

Article 30

Entry into force

1. Each Contracting State shall notify the other Contracting State of the completion of the procedures required by its laws for the bringing into force of this Convention. The Convention shall enter into force from the date on which the later of these notifications is received.
2. The provisions of the Convention shall have effect:
 - a) with respect to taxes due at source on income credited or payable on or after January 1st of the year next following the year in which the Convention entered into force;
 - b) with respect to other taxes charged on income of taxable periods beginning on or after January 1st of the year next following the year in which the Convention entered into force;
 - c) with respect to taxes on capital charged on elements of capital existing on or after January 1st of the year next following the year in which the Convention entered into force.

Article 31

Termination

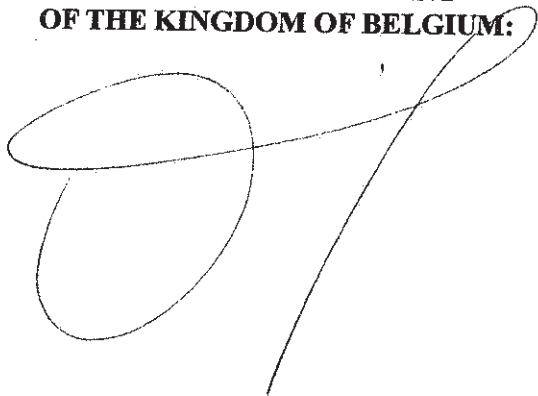

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving to the other Contracting State, written notice of termination not later than the 30th June of any calendar year from the fifth year following that in which the Convention entered into force. In the event of termination before July 1st of such year, the Convention shall cease to have effect:

- a) with respect to taxes due at source on income credited or payable from January 1st of the year next following the year in which the notice of termination is given;

PROTOCOL

At the moment of signing the Convention between the Kingdom of Belgium and the Kingdom of Bahrain for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, the undersigned have agreed upon the following provisions which shall form an integral part of the Convention.

1. Ad Article 3, paragraph 2:

In the interpretation of the provisions of the Convention which are identical or in substance similar to the provisions of the OECD Model Tax Convention, the tax administrations of the Contracting States shall follow the general principles of the commentary of the Model Convention provided the Contracting States did not include in that commentary any observations expressing a disagreement with those principles and to the extent the Contracting States do not agree on a divergent interpretation in special circumstances.

2. Ad Article 4:

- a) The term “resident of a Contracting State” in the case of Bahrain refers to the situation where no income tax is levied on individuals or companies resident in Bahrain. If, in the future, such a tax on individuals or companies was in force, the definition would read as follows:

“in the case of Bahrain, any person who, under the laws of Bahrain, is liable to tax therein by reason of his domicile, residence, place of management or incorporation, or any other criterion of a similar nature, and also includes the Kingdom of Bahrain and any political subdivision or local authority thereof. But this term does not include any person who is liable to tax in Bahrain in respect only of income from sources in that State or capital situated therein.”

- b) The term “resident of a Contracting State” also means in the case of Bahrain and Belgium, an entity, fund, institution or organisation, established in accordance with the legislation of Bahrain or Belgium as the case may be, which solely aims at awarding old-age pensions, even if the concerned entity, fund, institution or organisation is exempted from the tax in the State in which it is established.

3. Ad Article 11, paragraph 3:

With respect to Belgium, it is understood that the provision of sub-paragraph b) shall apply in any case:

- to income from a debt-claim or a credit for which a financial support is granted after advice of the Committee for financial support to export (“Finexpo”);
- to income from a debt-claim or a credit granted by the Association for the coordination of medium-term financing of Belgian export (“Creditexport”); and

- to income from a debt-claim or a credit insured by the National Office of Del Credere.

4. Ad Article 15, paragraph 1:

It is understood that an employment is exercised in a Contracting State when the activity in respect of which the salaries, wages and other similar remuneration are paid, is effectively carried on in that State. The activity is effectively carried on in that State where the employee is physically present in that State for carrying on the activity.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto by their respective Governments, have signed this Protocol.
